Reviews

This book may be worth buying. I have read and i am confident that i am going to planning to go through once more once again in the future. Its been written in an exceptionally easy way and it is simply soon after i finished reading this publication in which actually altered me, modify the way i believe.

Paperback. Book Condition: New. Paperback. 94 pages. We DOMINATED Google and YouTube search for one of the biggest Internet product launches in history. Now you can learn EXACTLY how we did it! You will learn: what search engine optimization techniques are working NOW -- not a year or two ago. We are a professional SEO firm, and this book lays out in step-by-step detail the process we go through to analyze what keywords our clients should target, and how much competition is or is not standing in their way. In short, how we get our clients AND ourselves ranked highly in the worlds leading search engines. What the secret weapon is these days for even SEO amateurs to achieve high rankings in Google. Yes, we tell you what it is, and exactly how to do it! If you decide to take on the job of SEO yourself (and make no mistake, when done correctly and effectively, it is a JOB), we present the process and resources you will need. Dont let anyone tell you its a snap. If they tell you that, theyre probably ranking for a non-competitive keyword. It is so important for people to have high rankings in Google because these days, in our current society, that is the equivalent of what a full page Yellow Pages ad used to be. Years ago, people who wanted to get high exposure in their community for their business would just place a large Yellow Pages ad. These days, Google has replaced that as the way people find information. High organic rankings in Google are the equivalent of what a full-page Yellow Pages ad used to be, in terms of exposure and advertising. Organic means search rankings that you dont pay Google for. On Google, Bing and Yahoo, you see the paid...
