## PRODUCT MIX ANALYSIS USING SOFT COMPUTING

Book Condition: New. Publisher/Verlag: LAP Lambert Academic Publishing | An Eclectic Solution | Advanced Manufacturing Technology, deals with high flexibility, high speed, least waste and computer based soft-computing techniques and application of hybridized artificial intelligence. Organizations continually strive to achieve their goal, but the contention in any manageable system is limited in achieving more of its goal by very small number of constraints. Theory of Constraints represented as linear programming mathematical model provide an explicit solution. The constraints in the...
