

## Privacy on the Line: The Politics of Wiretapping and Encryption (Hardback)

---

By Whitfield Diffie, Susan Landau

MIT Press Ltd, United States, 2007. Hardback. Book Condition: New. Enlarged edition. 231 x 157 mm. Language: English . Brand New Book. Telecommunication has never been perfectly secure. The Cold War culture of recording devices in telephone receivers and bugged embassy offices has been succeeded by a post-9/11 world of NSA wiretaps and demands for data retention. Although the 1990s battle for individual and commercial freedom to use cryptography was won, growth in the use of cryptography has been slow. Meanwhile, regulations requiring that the computer and communication industries build spying into their systems for government convenience have increased rapidly. The application of the 1994 Communications Assistance for Law Enforcement Act has expanded beyond the intent of Congress to apply to voice over Internet Protocol (VoIP) and other modern data services; attempts are being made to require ISPs to retain their data for years in case the government wants it; and data mining techniques developed for commercial marketing applications are being applied to widespread surveillance of the population. In Privacy on the Line, Whitfield Diffie and Susan Landau strip away the hype surrounding the policy debate over privacy to examine the national security, law enforcement, commercial, and civil liberties issues....

### Reviews

*This ebook is worth purchasing. It is written in straightforward words and not hard to understand. You will not feel monotony at any time of your respective time (that's what catalogs are for about in the event you ask me).*

-- Eileen Kling I

*This book can be worth a read, and far better than other. I could comprehend every little thing using this published pdf. You can expect to like how the blogger publish this pdf.*

-- Rylee Funk
