Child Diagnostics, Inc. / Dianne Craft, 2002. Other. Book Condition: New. Right Brain kids learn best with picture, color, emotion and humor. These multiplication cards use these elements to take the pain out of learning multiplication tables. Many parents report that their child learned the facts in a week using these cards because kids love this method. These cards include all of the multiplication facts zeroes through nines. Each card has a multiplication problem with a fun drawing embedded into it on one side and a story that goes along with the picture on the other. Kids will love these fun, quirky stories and can finally learn their multiplication facts painlessly. A good investment for the whole family! 2002.
